

## SITE ASSESSMENT DECISION - EPA REGION III

Site Name Amtrak Wilmington Refueling Facility
EPA ID # DED984075432 DSN DE-266
City Wilmington County New Castle State DE
Refer to report dated PA: SI: October 1994
Report developed by: Delaware DNREC
DECISION:   X   1. Further Action under Superfund(CERCLA) is not
appropriate or required because:
1a. Site is qualified No Further Remedial Action Planned (NFRAP) because:   Site scores below cutoff(28.5)   No threat to human health or the environment   No evidence of hazardous waste found
1b. Action Deferred to:   X   Delaware DNREC
2 Bunkhan Investigation model under Gumanfund.
2. Further Investigation needed under Superfund:
2a. Priority   Higher   Lower
<pre>2b. Activity   PA</pre>
Other:
DISCUSSION/RATIONALE: This site scores over the cutoff due to oil, metals and PAHs in wetlands and tributariles of the Brandywine Creek. However Delaware DNREC is working with the site owner to clean up the site and have told me they are not interested in listing this site on the NPL. I believe that the steps that DNREC is taking to remediate this site should remove any of the threats which caused it to score over the cutoff and so will designate it No Further Remedial Action Planned(NFRAP) in CERCLIS.
Site Decision Made by: Mike Giuranna
